

Unlocking long-term value and driving sustainable growth

About Olam

Olam is a leading food and global agri-business. We grow, trade, process and distribute food and fibre crops to over 17,300 manufacturers, processors, retailers, and food service customers worldwide.

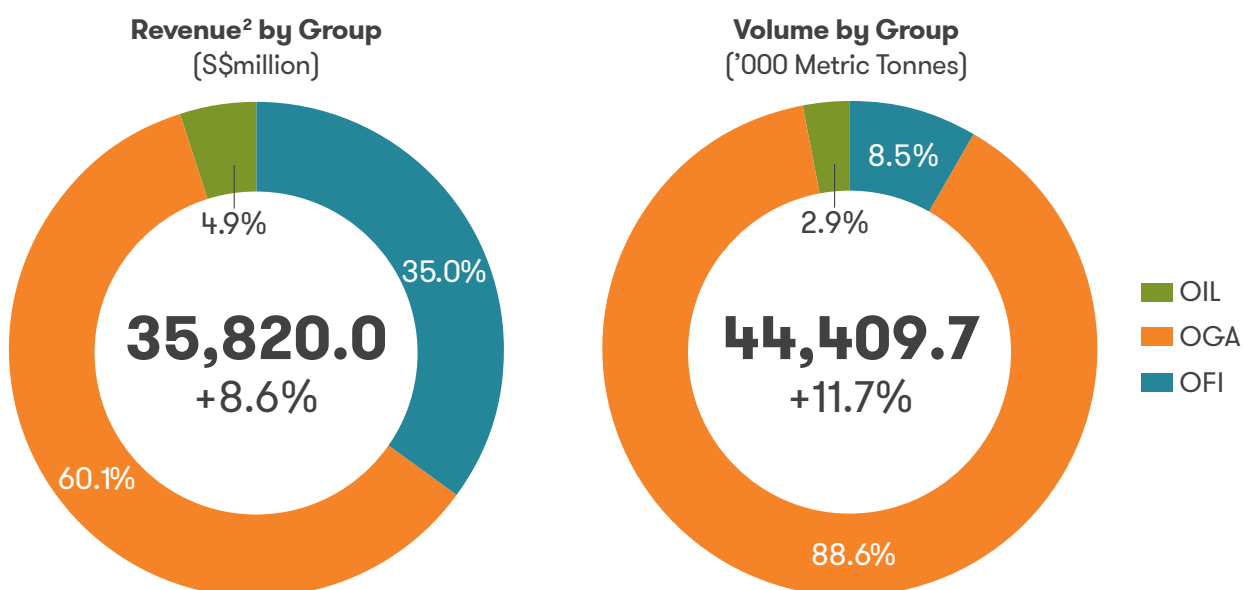

In addition to our own farming operations, we source from a network of over 5 million farmers across Africa, Asia and Latin America, many of whom benefit from our sustainability programmes.

Through our Purpose to ‘Re-imagine Global Agriculture and Food Systems’, Olam aims to address the many challenges involved in meeting the food, feed and fibre needs of a growing global population, while achieving positive impact for farming communities, our planet and all our key stakeholders.

Our Group

In January 2020 Olam commenced a strategic re-organisation to unlock and maximise long-term value. Two operating groups were created, both well-positioned for future growth in line with key customer trends and market opportunities. These sit under holding company OIL until carve-out, IPO and demergers are completed³.
