Summary

- ❖ We continued to strengthen our balance sheet to support our future growth plans by successfully launching a debut unrated 10 year bond issue for US\$250 million as well as a 3 year syndicated bank loan facility for US\$350 million in the US.

- ❖ We are executing well against our key strategic initiatives and the results of these initiatives have met or exceeded our initial expectations.

- ❖ The first quarter results provide continuing evidence to both the effectiveness and successful implementation of our corporate strategy as announced in 2009.

Thank You
