If you accept the Offer **before** it becomes unconditional in all respects, you will be paid within **10 days** after the Offer becomes unconditional in all respects.

If you accept the Offer **after** it becomes unconditional in all respects, you will be paid within **10 days** after your valid acceptance is received.

2 What do I get for my Convertible Bonds and Warrants?

2.3 No Encumbrances. The Offer Shares will be acquired:

2.3.1 fully paid;

2.3.2 free from all Encumbrances; and

2.3.3 together with all rights, benefits and entitlements attached thereto as at the Offer Announcement Date and thereafter attaching thereto, including the right to receive and retain all dividends, rights, other distributions and return of capital (if any) declared, paid or made by the Company on or after the Offer Announcement Date.

2.5 Offer Conditions. The Offer is subject to the following conditions:

2.5.1 **Level of Acceptances of the Offer.** The Offeror having received, by the close of the Offer, valid acceptances (which have not been withdrawn) in respect of such number of Offer Shares which, together with Shares owned, controlled or agreed to be acquired before or during the Offer by or on behalf of the Offeror or the Concert Parties, will result in the Offeror and the Concert Parties holding such number of Shares carrying more than 50 per cent. of voting rights attributable to the issued Shares as at the close of the Offer.

The Offeror reserves the right in its absolute discretion to waive the Approval Condition, in whole or in part.

LETTER TO SECURITYHOLDERS OF THE COMPANY

2.6 Warranty. A Shareholder who tenders his Shares in acceptance of the Offer will be deemed to warrant that he sells such Shares as or for or on behalf of the beneficial owner(s) thereof, (i) fully paid; (ii) free from all Encumbrances; and (iii) together with all rights, benefits and entitlements attached thereto as at the Offer Announcement Date and thereafter attaching thereto, including all voting rights and the right to receive and retain all dividends, rights, other distributions and return of capital (if any) declared, paid or made by the Company on or after the Offer Announcement Date.

2.7 Choices. A Shareholder can, in relation to all or part of his Offer Shares, either:

2.7.1 accept the Offer in respect of such Offer Shares in accordance with the procedures set out in **Appendix 2** to this Offer Document; or

2.7.2 take no action and let the Offer lapse in respect of his Offer Shares.

3. NO OPTIONS OFFER

As at the Latest Practicable Date, based on the latest information available to the Offeror, there are 130,300,000 outstanding Options granted under the Olam Scheme. Under the rules of the Olam Scheme, the Options are not transferable by the holders thereof. In view of this restriction, the Offeror will not make an offer to acquire the Options. For the avoidance of doubt, the Offer is extended to all new Shares unconditionally issued or to be issued pursuant to the valid exercise of any Option prior to the close of the Offer.

4. CONVERTIBLE BONDS OFFER

4.1 Convertible Bonds. As at the Latest Practicable Date, based on the latest information available to the Offeror, US\$500,000,000 in principal amount of Convertible Bonds remains outstanding. The Convertible Bonds are convertible into 241,610,738 new Shares at the prevailing conversion price of S\$2.98¹ per new Share, such conversion price being subject to adjustments in accordance with the terms and conditions of the Convertible Bonds. The Convertible Bonds, if converted at the prevailing conversion price, would represent 8.9 per cent. of the maximum potential share capital of the Company.

4.2 Convertible Bonds Offer. In addition to extending the Offer to all new Shares unconditionally issued or to be issued pursuant to the valid conversion of the Convertible Bonds prior to the close of the Offer, in accordance with Rule 19 of the Code, the Financial Advisers, for and on behalf of the Offeror, hereby make an offer to the Bondholders to acquire the Convertible Bonds in accordance with the terms and subject to the conditions set out in this Offer Document.

4.3 Convertible Bonds Offer Price. The offer price for the Convertible Bonds (the “Convertible Bonds Offer Price”) will be as follows:

For every US\$1,000 principal amount of Convertible Bonds: **US\$850.37** in cash (equivalent to **S\$1,077.58** based on the LTD FX Rate).

The Convertible Bonds Offer Price is calculated based on the Offer Price of S\$2.23 for one Offer Share multiplied by the number of new Shares into which US\$1,000 principal amount of Convertible Bonds may be converted (rounded to the nearest cent). The actual Convertible Bonds Offer Price payable to each accepting Bondholder will be determined based on the total principal amount of Convertible Bonds that are tendered by a Bondholder in acceptance of the Convertible Bonds Offer. The Convertible Bonds are

¹ Based on the fixed exchange rate of US\$1 : S\$1.44 as set out in the terms and conditions of the Convertible Bonds.

LETTER TO SECURITYHOLDERS OF THE COMPANY

denominated and can only be tendered in acceptance of the Convertible Bonds Offer in a minimum principal amount of US\$1,000. **Subject to Section 4.6 below, payment of the Convertible Bonds Offer Price will be made in US\$ based on the LTD FX Rate, being US\$850.37 for each US\$1,000 principal amount of Convertible Bonds tendered in acceptance of the Convertible Bonds Offer.**

- 4.4 Condition.** The Convertible Bonds Offer will be subject to and conditional upon the Offer becoming or being declared unconditional in all respects in accordance with its terms.
- 4.5 No Encumbrances.** The Convertible Bonds will be acquired (i) fully paid; (ii) free from all Encumbrances; and (iii) together with all rights, benefits and entitlements attached thereto as at the Offer Announcement Date and thereafter attaching thereto, including the right to receive and retain all interests, payments, rights and other distributions (if any) declared, paid or made by the Company on or after the Offer Announcement Date.
- 4.6 Adjustments for Interest Payment.** If any interest, payment, rights or other distribution is declared, paid or made by the Company on the Convertible Bonds on or after the Offer Announcement Date and the Offeror is not entitled to receive such interest, payment, rights or other distribution in full from the Company in respect of any of the Convertible Bonds tendered in acceptance of the Convertible Bonds Offer, the Convertible Bonds Offer Price payable in respect of such Convertible Bonds will be reduced by the amount of such interest, payment, rights or other distribution.

The Offeror notes that an interest payment is due to be paid to the Bondholders on 15 April 2014 (the “**Interest Payment**”). Pursuant to the terms and conditions of the Convertible Bonds, the books closure date to determine the Bondholders entitled to the Interest Payment is 31 March 2014. As the Offeror will not be entitled to receive the Interest Payment in respect of any of the Convertible Bonds tendered in acceptance of the Convertible Bonds Offer, an amount equivalent to the Interest Payment due will be deducted from the Convertible Bonds Offer Price payable to accepting Bondholders. The Interest Payment due on each US\$1,000 principal amount of Convertible Bonds is US\$30. **Accordingly, accepting Bondholders will receive US\$820.37 for every US\$1,000 principal amount of Convertible Bonds tendered in acceptance of the Convertible Bonds Offer, being the Convertible Bonds Offer Price of US\$850.37 for every US\$1,000 principal amount of Convertible Bonds less the Interest Payment of US\$30 due on each US\$1,000 principal amount of Convertible Bonds.**

- 4.7 Offer and Convertible Bonds Offer Mutually Exclusive.** For the avoidance of doubt, whilst the Convertible Bonds Offer is conditional upon the Offer becoming or being declared unconditional in all respects in accordance with its terms, the Offer will not be conditional upon acceptances received in relation to the Convertible Bonds Offer. The Offer and the Convertible Bonds Offer are separate and are mutually exclusive. The Convertible Bonds Offer does not form part of the Offer, and *vice versa*. Without prejudice to the foregoing, if a Bondholder converts its Convertible Bonds in order to accept the Offer in respect of the new Shares to be issued pursuant to such conversion, it may not accept the Convertible Bonds Offer in respect of such converted Convertible Bonds. Conversely, if a Bondholder wishes to accept the Convertible Bonds Offer in respect of its Convertible Bonds, it may not convert those Convertible Bonds in order to accept the Offer in respect of the new Shares to be issued pursuant to such conversion.

LETTER TO SECURITYHOLDERS OF THE COMPANY

4.9 Choices. Bondholders can, in relation to all or part of their Convertible Bonds, either:

4.9.1 convert such Convertible Bonds and participate in the Offer by (i) converting the Convertible Bonds in compliance with the procedures for the conversion of the Convertible Bonds set out in the terms and conditions of the Convertible Bonds; and (ii) thereafter accepting the Offer in respect of all or part of the new Shares unconditionally issued or to be issued pursuant to such conversion, in accordance with the procedures set out in **Appendix 2** to this Offer Document;

4.9.2 accept the Convertible Bonds Offer in respect of all or part of the Convertible Bonds held in accordance with the procedures set out in **Appendix 3** to this Offer Document; or

- 9.2 Additional Information.** Appendix 6 to this Offer Document sets out certain additional information on the Company.

10. RATIONALE FOR THE OFFER

- 10.1 Long-term Shareholder.** The Offeror is a long-term Shareholder and continues to believe in the prospects of the Company. Through the Offer, the Offeror wishes to increase its shareholding and provide the Company with a stronger long term shareholder base to support the Company's strategy and growth plans over the medium to long term.

- 10.2 Realisation of Investment.** With the Offer, Shareholders will have the flexibility to tender all, part or none of their Shares in acceptance of the Offer. By tendering part of their Shares, Shareholders can create their own preferred balance between realising some of their investments in cash now and continuing to share in the Company's potential future growth by holding on to their remaining Shares.

11. THE OFFEROR'S INTENTIONS FOR THE COMPANY

- 11.1 The Offeror's Future Plans for the Company.** Based on the Offeror's understanding of the Company, the Offeror does not intend to (i) introduce any major changes to the businesses of the Company, (ii) redeploy the fixed assets of the Company or (iii) discontinue the employment of the employees of the Company and its subsidiaries. The Offeror expects the board and management of the Company to continue to grow its business in a sustainable manner and with operational and financial discipline.

- 11.2 No Compulsory Acquisition.** As KSL and the Key Management have, pursuant to the Consortium Agreement, given an undertaking not to dispose of their Shares during the Offer (except pursuant to the Irrevocable Undertakings and the Management Shares), the Offeror will not acquire a right of compulsory acquisition to acquire the remaining Shares under the Offer.

LETTER TO SECURITYHOLDERS OF THE COMPANY

In addition, pursuant to Rule 723 of the Listing Manual, the Company must ensure that at least 10 per cent. of its total issued Shares (excluding treasury Shares) is at all times held in public hands (the “**Free Float Requirement**”). Pursuant to Rule 724(1) of the Listing Manual, if the percentage of the issued Shares held in public hands falls below 10 per cent., the Company must, as soon as practicable, announce that fact and the SGX-ST may suspend trading of all the Shares on the SGX-ST. Pursuant to Rule 724(2) of the Listing Manual, the SGX-ST may allow the Company a period of three months, or such longer period as the SGX-ST may agree, to raise the percentage of issued Shares held by members of the public to at least 10 per cent., failing which the Company may be delisted from the SGX-ST.

The Offeror prefers to keep the Company listed. However, if the Free Float Requirement is not satisfied at the close of the Offer, the Offeror will assess its options at that time and may decide to delist the Company. Accordingly, the Offeror may decide not to take steps to preserve the listing status of the Company on the SGX-ST if the Free Float Requirement is not satisfied.

12. FINANCIAL EVALUATION OF THE OFFER

12.1 Determination of the Offer Price. In arriving at the Offer Price, the Offeror took into account, *inter alia*, the premiums offered by the Offer Price over various prices at which the Shares were trading on the SGX-ST during certain periods (as detailed in Section 12.2 below).

APPENDIX 1 – DETAILS OF THE OFFER FOR SECURITIES

1. DURATION OF THE OFFER, CONVERTIBLE BONDS OFFER AND WARRANTS OFFER

1.1 First Closing Date. The Offer, Convertible Bonds Offer and Warrants Offer are open for acceptance by Shareholders, Bondholders and Warrant Holders respectively for at least 28 days from the Despatch Date, unless the Offer is withdrawn with the consent of the SIC and every person is released from any obligation incurred thereunder. **Accordingly, the Offer for Securities will close at 5.30 p.m. on 9 May 2014, or such later date(s) as may be announced from time to time by or on behalf of the Offeror.**

1.2 No Obligation to Extend the Offer for Securities. The Offeror is not obliged to extend the Offer for Securities if the conditions specified in Section 2.5 of the Letter to Securityholders in this Offer Document are not fulfilled or waived (as the case may be) by the Closing Date. However, if the Offer for Securities is extended and:

1.2.1 the Offer is not unconditional as to acceptances as at the date of such extension, the announcement of the extension must state the next Closing Date; or

1.2.2 the Offer is unconditional as to acceptances as at the date of such extension, the announcement of the extension need not state the next Closing Date but may state that the Offer for Securities will remain open until further notice. In such a case, the Offeror must give Shareholders, Bondholders and Warrant Holders, as the case may be, who have not accepted the relevant Offer for Securities at least 14 days' prior notice in writing before it may close the Offer for Securities.

1.3 Offer for Securities to Remain Open for 14 Days after Offer becomes or is declared to be unconditional as to Acceptances. In order to give Shareholders, Bondholders and Warrant Holders, as the case may be, who have not accepted the Offer for Securities the opportunity to accept the Offer for Securities after the Offer has become or is declared to be unconditional as to acceptances, the Offer for Securities will remain open for a period (the "**Rule 22.6 Period**") of not less than 14 days after the date on which the Offer for Securities would otherwise have closed.

This requirement does not apply if, before the Offer has become or is declared to be unconditional as to acceptances, the Offeror has given Shareholders, Bondholders and Warrant Holders, as the case may be, at least 14 days' notice in writing ("**Shut-Off Notice**") that the Offer for Securities will not be open for acceptance beyond a specified Closing Date, provided that:

1.3.1 the Offeror may not give a Shut-Off Notice in a competitive situation; and

1.3.2 the Offeror may not enforce a Shut-Off Notice, if already given, in a competitive situation.

If a declaration that the Offer is unconditional as to acceptances is confirmed in accordance with Paragraph 5.1 of this **Appendix 1**, the Rule 22.6 Period will run from the date of such confirmation or the date on which the Offer for Securities would otherwise have closed, whichever is later.

APPENDIX 1 – DETAILS OF THE OFFER FOR SECURITIES

1.4 Final Day Rule. The Offer (whether revised or not) will not be capable:

- 1.4.1 of becoming or being declared to be unconditional as to acceptances after 5.30 p.m. on the 60th day after the Despatch Date; or
- 1.4.2 of being kept open after such 60-day period unless the Offer has previously become or been declared to be unconditional as to acceptances,

provided that the Offeror may extend the Offer beyond such 60-day period with the SIC's prior consent (the "**Final Day Rule**").

1.5 Revision. If the Offer for Securities is revised, the Offer for Securities will remain open for acceptances for at least 14 days from the date of posting of the written notification of the revision to Securityholders. In any case, where the terms are revised, the benefit of the Offer for Securities (as so revised) will be made available to each of the Securityholders who have previously accepted the Offer for Securities.

2. SETTLEMENT FOR THE OFFER

Breedens Investments Pte. Ltd. (the “Company”) is incorporated in the Republic of Singapore. The address of the Company’s registered office is 60B Orchard Road, #06-18 Tower 2, The Atrium@Orchard, Singapore 238891.

The principal activity of the Company is that of an investment holding company.

The immediate, penultimate and ultimate holding companies at the end of the financial year were Seletar Investments Pte Ltd, Temasek Capital (Private) Limited and Temasek Holdings (Private) Limited respectively. All companies are incorporated in the Republic of Singapore.

2 Basis of preparation

2.1 Statement of compliance

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (“FRS”).

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

2.3 Functional and presentation currency

The financial statements are presented in Singapore Dollar which is the Company’s functional currency. All financial information presented in Singapore Dollar has been rounded to the nearest thousand, unless otherwise stated.

2.4 Use of estimates, assumptions and judgements

The preparation of financial statements in conformity with FRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information on areas involving a high degree of judgement or areas where estimates are significant, to the financial statements is set out in note 4.

APPENDIX 9 – NOTES TO THE FY2013 FINANCIAL STATEMENTS OF THE OFFEROR AND SIGNIFICANT ACCOUNTING POLICIES

Year ended 31 March 2013

2.5 Changes in accounting policies

On 1 April 2012, the Company adopted the new or amended FRS and interpretations to FRS ("INT FRS") that are mandatory for application from that date. Changes to the Company's accounting policies have been made as required in accordance with the transitional provisions in the respective FRS and INT FRS.

The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the Company's accounting policies and had no material effect on the amounts reported for the current or prior financial years.

3 Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

3.1 Investments in subsidiary companies

Subsidiary companies

Subsidiary companies are entities (including special purpose entities) over which the Company has an interest of more than one half of the voting rights or otherwise has power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights presently exercisable or convertible are taken into account.

Investments in subsidiary companies are stated at cost less accumulated impairment losses.

Basis of consolidation

The Company is exempted from the preparation of consolidated financial statements as the ultimate holding company, a Singapore-incorporated company, prepares consolidated financial statements available for public use. The registered office of Temasek Holdings (Private) Limited. is 60B Orchard Road, #06-18 Tower 2, The Atrium@Orchard, Singapore 238891.

3.2 Foreign currency transactions

Transactions in foreign currencies are translated to the functional currency of the Company at the exchange rate at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated to the functional currency at the exchange rate at that date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the functional currency at the exchange rate at the date on which the fair value was determined. Non-monetary items denominated in a foreign currency that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction.

Foreign currency differences arising on translation are recognised in the income statement, except for foreign currency differences arising on the translation of available-for-sale equity instruments.

APPENDIX 9 – NOTES TO THE FY2013 FINANCIAL STATEMENTS OF THE OFFEROR AND SIGNIFICANT ACCOUNTING POLICIES

Breedens Investments Pte. Ltd.

Year ended 31 March 2013

3.3 Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, then the assets' recoverable amounts are estimated. An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit ("CGU") exceeds its estimated recoverable amount.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGU.

Impairment losses are recognised in the income statement. Impairment losses recognised in prior periods are assessed at each balance sheet date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.4 Financial instruments

Non-derivative financial instruments

Non-derivative financial instruments comprise investments in equity securities, cash and cash equivalents and accrued operating expenses.

Cash and cash equivalents comprise cash balances.

A financial instrument is recognised if the Company becomes a party to the contractual provisions of the instrument. Financial assets are derecognised if the Company's contractual rights to the cash flows from the financial assets expire or if the Company transfers the financial asset to another party without retaining control or transfers substantially all the risks and rewards of ownership of the asset.

On disposal of a financial asset, the difference between the carrying amount and the sale proceeds is recognised in the income statement. Any amount in the fair value reserve relating to that asset is reclassified to the income statement. Regular way purchases and sales of financial assets are accounted for at trade date, i.e. the date that the Company commits itself to purchase or sell the asset. Financial liabilities are derecognised if the Company's obligations specified in the contract expire or are discharged or cancelled.

Financial assets and liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Non-derivative financial instruments are recognised initially at fair value plus, for instruments not at fair value through profit or loss, any directly attributable transaction costs. Subsequent to initial recognition, non-derivative financial instruments are measured as described below.

APPENDIX 9 – NOTES TO THE FY2013 FINANCIAL STATEMENTS OF THE OFFEROR AND SIGNIFICANT ACCOUNTING POLICIES

Breedens Investments Pte. Ltd.
Financial statements
Year ended 31 March 2013

(a) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables include cash and cash equivalents which are measured at amortised cost using the effective interest method, less any impairment losses.

(b) Available-for-sale financial assets

Investments in equity securities are classified as available-for-sale financial assets if they are not classified in any of the other categories. Subsequent to initial recognition, they are measured at fair value and changes therein, other than for impairment losses (see note 3.5), are recognised in other comprehensive income and presented in the fair value reserve in equity. When an investment is derecognised, the gain or loss accumulated in equity is reclassified to the income statement.

(c) Non-derivative financial liabilities

Non-derivative financial liabilities are carried at amortised cost using the effective interest method. Non-derivative financial liabilities comprise accrued operating expenses.

Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

3.5 Impairment of financial assets

A financial asset not carried at fair value through profit or loss is assessed at each balance sheet date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event has a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar risk characteristics.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. An impairment loss in respect of an available-for-sale financial asset is calculated by reference to its current fair value.

Impairment losses in respect of financial assets measured at amortised cost are recognised in the income statement. Impairment losses in respect of available-for-sale financial assets are recognised by reclassifying the cumulative loss that has been recognised in other comprehensive income and presented in the fair value reserve in equity, to the income statement.

Impairment losses in respect of financial assets measured at amortised cost are reversed if the subsequent increase in fair value can be related objectively to an event occurring after the impairment loss was recognised.

APPENDIX 9 – NOTES TO THE FY2013 FINANCIAL STATEMENTS OF THE OFFEROR AND SIGNIFICANT ACCOUNTING POLICIES

Breedens Investments Pte. Ltd.
Financial statements
Year ended 31 March 2013

Impairment losses recognised in the income statement in respect of available-for-sale equity securities shall not be reversed through the income statement. Any subsequent increase in fair value of such assets is recognised in other comprehensive income and presented in the fair value reserve in equity.

3.6 Revenue recognition

Dividend income is recognised in the income statement when the right to receive payment is established.

3.7 Income tax expense

Income tax expense comprises current and deferred tax. Income tax expense is recognised in the income statement except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for temporary differences arising from the initial recognition of assets or liabilities in a transaction that affects neither accounting nor taxable profit. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Deferred tax assets are reviewed at each balance sheet and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

4 Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The accounting policies that are deemed to be critical to the amounts recognised in the financial statements, or which involve a significant degree of judgement and estimation, are discussed below:

APPENDIX 9 – NOTES TO THE FY2013 FINANCIAL STATEMENTS OF THE OFFEROR AND SIGNIFICANT ACCOUNTING POLICIES

Breedens Investments Pte. Ltd.
Financial statements
Year ended 31 March 2013

Impairment of available-for-sale financial assets

The Company follows the guidance of FRS 39 *Financial Instruments: Recognition and Measurement* in determining when an investment is impaired. This determination requires significant judgement about whether the decline in fair value below cost is significant or prolonged. The Company evaluates, amongst other factors, the duration of the decline and the magnitude by which the fair value of an investment is below its cost; and the positive financial health and short-term business outlook for the investee. Management believes that any change in the key assumptions used in the assessment for impairment may cause the assessment to be different and the difference could be material to the financial statements.

5 New accounting standards and interpretations not yet adopted

Certain new standards, amendments and interpretations to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after 1 April 2013 or later periods and which the Company has not early adopted. Management anticipates that the adoption of these standards in the future periods will not have a material impact on the financial statements of the Company in the period of their initial adoption.

The financial risk management of the Company is handled by a related company.

APPENDIX 9 – NOTES TO THE FY2013 FINANCIAL STATEMENTS OF THE OFFEROR AND SIGNIFICANT ACCOUNTING POLICIES

Breedens Investments Pte. Ltd.
Financial statements
Year ended 31 March 2013

Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's loans and receivables.

The carrying amount of financial assets in the balance sheet represents the Company's maximum exposure to credit risk, before taking into account any collateral held. The Company does not hold any collateral in respect of its financial assets.

This exposure is managed by diversifying its credit risks and dealing mainly with high credit quality counterparties assessed by international credit rating agencies.

The Company does not have significant concentration of credit risk.

Liquidity risk

Liquidity risk is the risk that the Company may encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Company manages its liquidity risk through funding from its penultimate holding company.

The expected contractual cash outflows of accrued operating expenses fall within one year and are expected to approximate their carrying amounts.

Market risk

Market risk is the risk that changes in market prices, such as equity prices, interest rates and foreign exchange rates will affect the Company's income or the value of its investment in financial instruments.

The Company is exposed to price risk arising from uncertainties on future prices of its equity investments classified as available-for-sale. The exposure is managed by diversifying Temasek Group's portfolio and is assessed using Value-at-Risk ("VaR").

The Company does not have any significant exposure of interest rate risk as majority of its financial instruments are non-interest bearing.

The Company does not have significant foreign exchange risk as majority of its financial instruments are denominated in Singapore dollar.
