OLAM INTERNATIONAL LIMITED Issue of US\$500,000,000 Subordinated Perpetual Securities under the U.S.\$5,000,000,000 Euro Medium Term Note Programme

This document constitutes the Pricing Supplement relating to the issue of Subordinated Perpetual Securities described herein (the "**Perpetual Securities**"). Terms used herein shall be deemed to be defined as such for the purposes of the Terms and Conditions of the Perpetual Securities (the "**Conditions**") set forth in the Offering Circular dated 21 August 2015 (the "**Offering Circular**"). This Pricing Supplement contains the final terms of the Perpetual Securities and must be read in conjunction with such Offering Circular as so supplemented.

Assuming that the Perpetual Securities are regarded by the Inland Revenue Authority of Singapore (the "**IRAS**") as "debt securities" for the purposes of the Income Tax Act, Chapter 134 of Singapore (the "**ITA**"), where interest, discount income, prepayment fee, redemption premium or break cost is derived from any of the Perpetual Securities by any person who is not resident in Singapore and who carries on any operations in Singapore through a permanent establishment in Singapore, the tax exemption available for qualifying debt securities (subject to certain conditions) under the ITA, shall not apply if such person acquires such Perpetual Securities using the funds and profits of such person's operations through a permanent establishment in Singapore. Any person whose interest, discount income, prepayment fee, redemption premium or break cost derived from the Perpetual Securities is not exempt from tax (including for the reasons described above) shall include such income in a return of income made under the ITA.

If the Perpetual Securities are not regarded by the IRAS as "debt securities" for the purposes of the ITA and/or holders thereof are not eligible for the tax concessions under the qualifying debt securities scheme, the tax treatment to holders may differ.

No assurance, warranty or guarantee is given on the tax treatment to holders of the Perpetual Securities in respect of the distributions payable to them (including Arrears of Distribution and Additional Distribution Amounts). "Sale of equity interest to Mitsubishi Corporation

On 28 August 2015, the Issuer announced that it has entered into the MC Subscription Agreement with Mitsubishi Corporation, a global integrated business enterprise that develops and operates businesses across a variety of sectors. On 17 September, the Issuer announced that 332,727,273 new shares were issued and allotted on the terms and conditions as described in the MC Subscription Agreement on 15 September 2015. Following the completion of the subscription, the issued and paid-up share capital of the Issuer increased to 2,773,449,142 Shares (excluding treasury shares). Following completion of the issue of shares to Mitsubishi Corporation, Temasek Holdings remains the Issuer's majority shareholder with a 51.4% controlling stake in the enlarged issued and paid-up share capital (excluding treasury shares) of the Issuer. In a separate and independent transaction, Mitsubishi Corporation acquired approximately 222.0 million secondary shares from the Kewalram Chanrai Group, representing approximately 8.0% of the enlarged issued and paid-up share capital (excluding treasury shares) of the Issuer. Accordingly, on completion of both transaction, Mitsubishi Corporation has become the Issuer's second largest shareholder with a 20.0% shareholding in the Issuer.

Both the Issuer and Mitsubishi Corporation have a strategy of selectively integrating across the value chain in order to generate attractive returns and build long-term intrinsic value. On 15 April 2016, the Issuer and Mitsubishi Corporation announced the formation of a joint venture, MC Agri Alliance Ltd ("**MCAA**") in Japan. The joint venture will draw on the combined strengths of both companies: the Issuer's global supply chain networks (agricultural production, origination, processing and trading) for sustainable agricultural products and food ingredients and Mitsubishi Corporation's extensive distribution and sales network in Japan.

The establishment of MCAA enables the Issuer and Mitsubishi Corporation to expand their network for responsibly sourced raw materials and improves their system of distributing agricultural and food products in Japan and around the world. MCAA is targeting to commence operations by 1 October 2016.

SINGAPORE

Interest and Other Payments

Subject to the following paragraphs, under Section 12(6) of the ITA, the following payments are deemed to be derived from Singapore:

- (a) any interest, commission, fee or any other payment in connection with any loan or indebtedness or with any arrangement, management, guarantee, or service relating to any loan or indebtedness which is (i) borne, directly or indirectly, by a person resident in Singapore or a permanent establishment in Singapore (except in respect of any business carried on outside Singapore through a permanent establishment outside Singapore or any immovable property situated outside Singapore) or (ii) deductible against any income accruing in or derived from Singapore; or
- (b) any income derived from loans where the funds provided by such loans are brought into or used in Singapore.

Such payments, where made to a person not known to the paying party to be a resident in Singapore for tax purposes, are generally subject to withholding tax in Singapore. The rate at which tax is to be withheld for such payments (other than those subject to the 15.0 per cent. final withholding tax described below) to non-resident persons (other than non-resident individuals) is 17.0 per cent. with effect from the

year of assessment 2010. The applicable rate for non-resident individuals is 22.0 per cent.. However, if the payment is derived by a person not resident in Singapore otherwise than from any trade, business, profession or vocation carried on or exercised by such person in Singapore and is not effectively connected with any permanent establishment in Singapore of that person, the payment is subject to a final withholding tax of 15.0 per cent. The rate of 15.0 per cent. may be reduced by applicable tax treaties.

Notwithstanding the above, with effect from 29 December 2009, the said deeming provisions of Section 12(6) of the ITA would not apply to payments for any arrangement, management, service or guarantee relating to any loan or indebtedness, where: (i) the arrangement, management or service is performed outside Singapore; or (ii) the guarantee is provided, for or on behalf of a person resident in Singapore or a permanent establishment in Singapore by a non-resident person who:

- (i) is not an individual, is not incorporated, formed or registered in Singapore; and
- (ii) (A) does not by himself or in association with others, carry on a business in Singapore and does not have a permanent establishment in Singapore; or
(B) carries on a business in Singapore (by himself or in association with others) or has a permanent establishment in Singapore, but (a) the arrangement, management or service is not performed through; or (b) the giving of the guarantee is not effectively connected with, that business carried on in Singapore or that permanent establishment.

Certain Singapore-sourced investment income derived by individuals from financial instruments is exempt from tax, including:

- (i) interest from debt securities derived on or after 1 January 2004;
- (ii) discount income (not including discount income arising from secondary trading) from debt securities derived on or after 17 February 2006; and
- (iii) prepayment fee, redemption premium and break cost from debt securities derived on or after 15 February 2007,

except where such income is derived through a partnership in Singapore or is derived from the carrying on of a trade, business or profession.

The terms "**break cost**", "**prepayment fee**" and "**redemption premium**" are defined in the ITA as follows:

"**break cost**" means, in relation to debt securities and qualifying debt securities, any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by any loss or liability incurred by the holder of the securities in connection with such redemption;

"**prepayment fee**" means, in relation to debt securities and qualifying debt securities, any fee payable by the issuer of the securities on the early redemption of the securities, the amount of which is determined by the terms of the issuance of the securities; and

"**redemption premium**" means, in relation to debt securities and qualifying debt securities, any premium payable by the issuer of the securities on the redemption of the securities upon their maturity.

References to "**break cost**", "**prepayment fee**" and "**redemption premium**" in this Singapore tax disclosure have their same meaning as in the ITA.

In addition, as the Programme as a whole is arranged by DBS Bank Ltd., The Hongkong and Shanghai Banking Corporation Limited, Singapore Branch and Standard Chartered Bank, Singapore Branch, each of which was, at the time of establishment of the Programme, a Financial Sector Incentive (Bond Market) Company (as defined in the ITA), any tranche of the Notes issued as debt securities under the Programme during the period from the date of this Offering Circular to 31 December 2018 (the "**Relevant Notes**") would be "qualifying debt securities" for the purposes of the ITA, to which the following treatment shall apply:

- (I) subject to certain prescribed conditions having been fulfilled (including the furnishing by the Issuer, or such other person as the MAS may direct, of a return on debt securities for the Relevant Notes in the prescribed format within such period as the MAS may specify and such other particulars in connection with the Relevant Notes as the MAS may require to the MAS and the inclusion by the Issuer in all offering documents relating to the Relevant Notes of a statement to the effect that where interest, discount income, prepayment fee, redemption premium or break cost from the Relevant Notes is derived by any person who is not resident in Singapore and who carries on any operation in Singapore through a permanent establishment in Singapore, the tax exemption for qualifying debt securities shall not apply if the non-resident person acquires the Relevant Notes using funds from that person's operations through the Singapore permanent establishment), interest, discount income (not including discount income arising from secondary trading), prepayment fee, redemption premium and break cost (collectively, the "**Specified Income**") from the Relevant Notes, derived by a holder who is not resident in Singapore and who (aa) does not have any permanent establishment in Singapore or (bb) carries on any operation in Singapore through a permanent establishment in Singapore but the funds used by that person to acquire the Relevant Notes are not obtained from such person's operation through a permanent establishment in Singapore, are exempt from Singapore tax;
- (II) subject to certain conditions having been fulfilled (including the furnishing by the Issuer, or such other person as the MAS may direct, of a return on debt securities for the Relevant Notes in the prescribed format within such period as the MAS may specify and such other particulars in connection with the Relevant Notes as the MAS may require to the MAS), Specified Income from the Relevant Notes derived by any company or a body of persons (as defined in the ITA) in Singapore is subject to tax at a concessionary rate of 10.0 per cent.; and
- (III) subject to:
 - (a) the Issuer including in all offering documents relating to the Relevant Notes a statement to the effect that any person whose interest, discount income, prepayment fee, redemption premium or break cost (i.e. the Specified Income) derived from the Relevant Notes is not exempt from tax shall include such income in a return of income made under the ITA; and
 - (b) the Issuer, or such other person as the MAS may direct, furnishing to the MAS a return on debt securities for the Relevant Notes in the prescribed format within such period as the MAS may specify and such other particulars in connection with the Relevant Notes as the MAS may require,

Specified Income derived from the Relevant Notes are not subject to withholding of tax by the Issuer.

However, notwithstanding the foregoing:

- (1) if during the primary launch of any tranche of Relevant Notes, the Relevant Notes of such tranche are issued to fewer than four (4) persons and 50.0 per cent. or more of the issue of such Relevant Notes is beneficially held or funded, directly or indirectly, by related parties of the Issuer, such Relevant Notes would not qualify as "qualifying debt securities" (unless otherwise approved by the Minister of Finance or such person as he may appoint); and
- (2) even though a particular tranche of Relevant Notes are "qualifying debt securities", if, at any time during the tenure of such tranche of Relevant Notes, 50.0 per cent. or more of the issue of such Relevant Notes which are outstanding at any time during the life of their issue is held beneficially or funded, directly or indirectly, by any related party(ies) of the Issuer, Specified Income derived from such Relevant Notes held by:
 - (a) any related party of the Issuer; or

- (b) any other person where the funds used by such person to acquire such Relevant Notes are obtained, directly or indirectly, from any related party of the Issuer,

shall not be eligible for the tax exemption or concessionary rate of tax described above.

The term "**related party**", in relation to a person, means any other person who, directly or indirectly, controls that person, or is controlled, directly or indirectly, by that person, or where he and that other person, directly or indirectly, are under the control of a common person.

Notwithstanding that the Issuer is permitted to make payments of Specified Income in respect of the Relevant Notes without deduction or withholding for tax under Section 45 or Section 45A of the ITA, any person whose Specified Income (whether it is interest, discount income, prepayment fee, redemption premium or break cost) derived from the Relevant Notes is not exempt from tax is required to include such income in a return of income made under the ITA.

The Qualifying Debt Securities Plus Scheme ("**QDS Plus Scheme**") has also been introduced as an enhancement of the Qualifying Debt Securities Scheme. Under the QDS Plus Scheme, subject to certain conditions having been fulfilled (including the furnishing by the issuer or such other person as the MAS may direct, of a return on debt securities in respect of the qualifying debt securities in the prescribed format within such period as the MAS may specify and such other particulars in connection with the qualifying debt securities as the MAS may require to the MAS), income tax exemption is granted on Specified Income derived by any investor from qualifying debt securities (excluding Singapore Government Securities) which:

- (a) are issued during the period from 16 February 2008 to 31 December 2018 (both dates inclusive);
- (b) have an original maturity of not less than 10 years;
- (c) either –
 - (i) if they are issued before 28 June 2013, cannot be redeemed, called, exchanged or converted within 10 years from the date of their issue; or
 - (ii) if they are issued on or after 28 June 2013, cannot have their tenure shortened to less than 10 years from the date of their issue, except under such circumstances as may be prescribed by regulations; and
- (d) cannot be re-opened with a resulting tenure of less than 10 years to the original maturity date.

As prescribed by regulations, the circumstances in relation to the QDS Plus Scheme under which the tenure of the qualifying debt securities may be shortened to less than 10 years from the date of their issue are:

- (a) the shortening of the tenure is a result of any early termination pursuant to one of the following early termination clauses (more fully described in the regulations) which the issuer included in any offering document for those qualifying debt securities:
 - (1) change in tax law;
 - (2) default event;
 - (3) change of control or change of shareholding;
 - (4) change of listing status of an issuer or trading disruption;
 - (5) change of qualification event due to regulatory capital requirements;
 - (6) change in accounting classification;
 - (7) change in rating;

- (8) repurchase upon a non-compliance;
 - (9) purchase;
 - (10) modification and amendment;
 - (11) amendment of written law relevant to issuance; and
- (b) the qualifying debt securities do not contain any call, put, conversion, exchange or similar option that can be triggered at specified dates or at specified prices which have been priced into the value of the securities at the time of their issue.

Where the debt securities are redeemed prematurely due to a prescribed early termination clause (i.e. before the 10th year), the QDS Plus Scheme status of the debt securities will be revoked prospectively for outstanding debt securities, if any. In the MAS Circular FSD Cir 02/2013 entitled "Extension And Refinement Of Tax Concessions For Promoting The Debt Market" issued by the MAS on 28 June 2013, the MAS has clarified that the income tax exemption granted to income exempt under the QDS Plus Scheme prior to redemption will not be clawed back, and outstanding debt securities may still enjoy tax benefits under the qualifying debt securities scheme if the other conditions for qualifying debt securities continue to be met.

In determining an investor's income that is to be exempted from tax under the QDS Plus Scheme, prescribed conditions apply in relation to how the investor's losses, expenses and capital allowances which are attributable to exempt income are to be treated.

However, even though a particular tranche of the Relevant Notes are "qualifying debt securities" which qualify under the QDS Plus Scheme, if at any time during the tenure of such tranche of Relevant Notes, 50.0 per cent. or more of the issue of such Relevant Notes which are outstanding at any time during the life of their issue is held beneficially or funded, directly or indirectly, by any related party(ies) of the Issuer, Specified Income derived by:

- (a) any related party of the Issuer; or
- (b) any other person where the funds used by such person to acquire such Relevant Notes are obtained, directly or indirectly, from any related party of the Issuer,

shall not be eligible for the tax exemption under the QDS Plus Scheme as described above.

Capital Gains

Any gains considered to be in the nature of capital made from the sale of the Notes will not be taxable in Singapore. However, any gains derived by any person from the sale of the Notes which are gains from any trade, business, profession or vocation carried on by that person, if accruing in or derived from Singapore, may be taxable as such gains are considered revenue in nature.

Holders of the Notes who apply or are required to apply Singapore Financial Reporting Standard 39 — Financial Instruments: Recognition and Measurement ("**FRS 39**") for Singapore income tax purposes may be required to recognise gains or losses (not being gains or losses in the nature of capital) on the Notes, irrespective of disposal. Please see the section below on "*Adoption of FRS 39 Treatment for Singapore Income Tax Purposes*".

Adoption of FRS 39 Treatment for Singapore Income Tax Purposes

The IRAS has issued a circular entitled "Income Tax Implications Arising from the Adoption of FRS 39 — Financial Instruments: Recognition and Measurement" (the "**FRS 39 Circular**") (last revised on 16 March 2015). Legislative amendments to give effect to the FRS 39 Circular have been enacted in Section 34A of the ITA.

Holders of the Notes who may be subject to the tax treatment under the FRS 39 Circular should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of the Notes.

Estate Duty

Singapore estate duty has been abolished with respect to all deaths occurring on or after 15 February 2008.
