Re-organisation Plan: Core elements

1. Create focus by reducing complexity and simplifying the portfolio. Clear separation of Olam Group into three distinct operating entities – **ofi** (Olam Food Ingredients), Olam Agri and Remaining Olam Group.
2. Attract natural, long-term owners for each operating entity, who are fully aligned with the long-term strategy of these businesses.
3. Illuminate standalone intrinsic value of **ofi** and Olam Agri via private and public capital raising options and through concurrent demerger of these businesses as independent standalone companies. Improve research coverage and increase the liquidity of shares to facilitate better price discovery.
4. Remove conglomerate and holdco discount with steps 1, 2 and 3.
5. Enable Remaining Olam Group to be debt-free and self-sustaining. Responsibly divest and monetise the value of assets and businesses of the Remaining Olam Group and progressively return the proceeds to shareholders via special dividends.

Updated 2025 Re-organisation Plan:

Achieve 3 key objectives

1

De-lever Remaining Olam Group's balance sheet and make it debt-free and self-sustaining

- Allocate ~US\$2 billion to achieve this objective

2

Invest US\$500 million of equity into ofi

- Continue to support various strategic initiatives to unlock full potential value of **ofi**, for example, exploring a concurrent listing in Europe and in Singapore at an appropriate time

3

Responsibly divest and monetise all of the Remaining Olam Group's assets and businesses over time

- Progressively distribute net proceeds to shareholders via special dividends

2 main sources of funds

1

Gross cash proceeds estimated at US\$2.58 billion from the sale of 64.57% stake in Olam Agri (taking into account proceeds from Tranche 2 call/put option)

2

Net sale proceeds from divestment of assets and businesses in Remaining Olam Group

Sale of Olam Agri to SALIC & its impact on value creation

1

Sale of Olam Agri: Strong validation of value creation thesis

- Explored both public and private routes; 2-step approach chosen to illuminate latent, intrinsic value
- Equity valuation of US\$4.0 billion is 3.47x Olam Agri's 2023 book value (US\$1.15 billion) and 3.13x 2024 book value (US\$1.32 billion)
- Proceeds from 100% sale of Olam Agri significantly higher than OGL's current market cap (~S\$3.6 billion)

- Divestment of Olam Agri is a key and important step forward in Olam Group's Re-organisation Plan.
- Proceeds from the sale of 64.57% stake in Olam Agri are a critical enabler for the Updated 2025 Re-organisation Plan.

Value creation plan for shareholders going forward

Unlocking intrinsic value in Remaining Olam Group and ofi

2

ofi
make it real

- Diversified and complementary portfolio with integrated platforms that share common customers, channels, categories and capabilities, with sustainability at the core
- Similar to unlocking value in Olam Agri, there is potential value discovery by exploring strategic capital raising options through private and public routes
- Value unlock can be directly accessible to shareholders through OGL or **ofi**'s share price
- Key metrics:
 - 2024 EBITDA of S\$1.5 billion
 - Book value of S\$4.4 billion as of end-2024

3

**Remaining
Olam Group**

- Assets and businesses consist of Olam Global Holdco (Olam Palm Gabon, Olam Rubber Gabon, Rusmolco, Caraway, ARISE P&L, Mantra, Gabon Fertiliser Project), Mindsprint and Nupo Ventures (Jiva, Terrascope)
- Paydown of debt would result in annual interest cost¹ savings of ~S\$214 million on 2024 proforma basis
- Individual assets can be progressively divested to the natural, long-term investors in order to maximise value
- Net proceeds from the monetisation of these assets and businesses will be **directly distributed to shareholders through special dividends**
- **Invested capital of S\$2.7 billion as of end-2024**

¹Including perpetual capital securities
