

Olam International 2021 Annual Report SASB Disclosure Index

Our [2021 Annual Report](#) marks the second year Olam has begun its journey to report against the Sustainable Accounting Standards Board (SASB) framework, as well as the Global Reporting Initiative (GRI). The SASB is an independent standards-setting organisation that promotes disclosure of material sustainability information to meet investor needs. This table references the Standard for the Agricultural Production sector as defined by SASB's Sustainable Industry Classification System™ (SICS™) and identifies where Olam addresses each topic in either the [2021 Annual Report](#), or in the separate [2021 Global Reporting Initiative document](#) which contains more data than the Annual Report.
