

Olam Group 2022 SASB Index

About this Index	The year 2022 marks the third year since Olam began its journey to report against the Sustainable Accounting Standards Board (SASB) framework. The SASB is an independent standards-setting organisation that promotes disclosure of material sustainability information to meet investor needs. This table references the Standard for the Agricultural Products sector as defined by SASB’s Sustainable Industry Classification System™ (SICS™) and identifies where Olam addresses each topic - the 2022 Annual Report, the separate 2022 Additional ESG Information document which contains additional ESG disclosures, and the Olam corporate website.
