1(d)(iv) A statement showing all sales, transfers, disposal, cancellation and/or use of treasury shares as at the end of the current financial period reported on.

The Company used 8,142,544 treasury shares during the current financials period towards the release of restricted share grants.

2. Whether the figures have been audited or reviewed and in accordance with which auditing standard or practice.

The financial statements presented above have not been audited or reviewed.

3. Where the figures have been audited or reviewed, the auditors' report (including any qualifications or emphasis of a matter).

N. A.

4. Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied.

SFRS(I) 16 is effective from 1 January 2019, and the Group has adopted modified retrospective approach which do not require any restatement of prior period financial statements.

Adoption of this new standard has resulted in most leases being recognised on balance sheet, with exemption of short-term and low value assets' leases. Under this new standard, at the commencement of a lease, a "right-of-use asset" and a "lease liability" for lease payments are recognised on the balance sheet. This new standard also requires separate recognition of finance charge on the lease liability and depreciation on the right-of-use asset in the profit and loss account.

Except as discussed above, the adoption of these new / revised standards and interpretations did not result in significant changes to the Group's accounting policies, which are consistent with those used in the audited financial statements as at 31 December 2018.

5. If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the changes.

The Group has applied the same accounting policies and methods of computation in the preparation of the financial statements for the current reporting period compared with the audited financial statements as at 31 December 2018, except, for the adoption of SFRS(I) 16 that is mandatory for financial years beginning on or after 1 January 2019.

As at 1 January 2019, the adoption of SFRS(I) 16 resulted in the following key effects to the balance sheet of the Group:
