ARISE HELPS EQUIP AFRICA COMMUNITIES IN THE FIGHT AGAINST CORONAVIRUS

ARISE – Olam’s infrastructure and logistics joint venture business in Africa – has sourced and distributed essential medical and health care equipment including 50 ventilators; 24 thermal cameras; 10,000 electronic thermometers; 500,000 gloves; 230,000 disinfectant gels and 7 million masks – to partner governments in Africa.

ARISE staff are distributing this modern medical equipment to communities in Mauritania, Cote d'Ivoire, Togo and Benin, to help them respond effectively to COVID-19 . As for Gabon, Olam will be making a separate donation to support the country’s health workers.
